

Scenario ID	Feature	Scenario Description
WEB-SC-01	Registration	Verify user can register with valid data
WEB-SC-02	Registration	Verify if user can register with empty fields
WEB-SC-03	Registration	Verify registration using password mismatch
WEB-SC-04	Login	Verify login using valid credentials
WEB-SC-05	Login	Verify login using invalid credentials
WEB-SC-06	Login	Verify forgot login info feature is working
WEB-SC-07	Login	Verify forgot login info feature shows error for invalid information
WEB-SC-08	New account	Verify user can open new checkings account
WEB-SC-09	New account	Verify user can open new checkings account with existing account having insufficient funds
WEB-SC-10	New account	Verify user can open new savings account
WEB-SC-11	New account	Verify user can open new savings account with existing account having insufficient funds
WEB-SC-12	Accounts overview	Validate data is correct in accounts
WEB-SC-13	Transfer funds	Verify user can transfer funds from one account to another
WEB-SC-14	Transfer funds	Verify transfer funds with negative amount
WEB-SC-15	Bill pay	Verify bill payment using valid data
WEB-SC-16	Bill pay	Verfiy bill payment using invalid data
WEB-SC-17	Transactions	Verfiy user can find transactions by Transaction ID
WEB-SC-18	Transactions	Verfiy user can find transactions by Date
WEB-SC-19	Transactions	Verfiy user can find transactions by Date range
WEB-SC-20	Transactions	Verfiy user can find transactions by amount
WEB-SC-21	Update profile	Verfiy user can update profile
WEB-SC-22	Loan request	Verfiy user can request for loan using valid data
WEB-SC-23	Loan request	Loan should not be approved when balance is insufficient
WEB-SC-24	Loan request	Loan should not be approved when loan amount exceeds allowed limit
WEB-SC-25	Loan request	Loan should not be approved if down payment is invalid
WEB-SC-26	Loan request	Loan should not be approved if required fields are empty
WEB-SC-27	Logout	Verify user can logout
WEB-SC-28	Customer care	Verify customer care form is working
WEB-SC-29	Customer care	Verify customer care form shows error for invalid input

Scenario ID	API	Scenario Description
API-SC-01	GET /accounts/{accountId}	Verify.Retrieving account details
API-SC-02	GET /accounts/{accountId}/transactions	Verify retrieving account transactions
API-SC-03	GET /accounts/{accountId}/transactions/amount/{amount}	Verfiy retrieving account transactions by amount
API-SC-04	GET /accounts/{accountId}/transactions/month/{month}/type/{type}	Verify retrieving transactions by month and type of account
API-SC-05	GET /accounts/{accountId}/transactions/fromDate/{fromDate}/toDate/{toDate}	Verify retrieving transactions by date range
API-SC-06	GET /accounts/{accountId}/transactions/onDate/{onDate}	Verify retrieving transactions by specific date
API-SC-07	POST /billpay	Verify user can pay bill
API-SC-08	POST /deposit	Verfiy depositing funds to account
API-SC-09	POST /transfer	Verify tranferring funds
API-SC-10	POST /withdraw	Verify user can withdraw funds from account
API-SC-11	POST /login/{username}/{password}	Verify login using valid credentials
API-SC-12	POST /requestLoan	Verfiy requesting loan with insufficient down payment funds
API-SC-13	POST /requestLoan	Verfiy requesting loan with sufficient down payment funds
